

Houston County Schools Summer School 2021

Houston County Schools will be offering a virtual summer school this summer. A student can recover a course that they failed in the past, take a course to catch up on credits to graduate with their cohort, take an elective course, or take a refresher course (a course already taken, but would like additional practice. A refresher course would receive no extra credit for the course.) All courses will be virtual using the Edgenuity platform. Students will not report to their home school to complete courses; they will complete courses from home.

A student can take a maximum of two courses. If two courses are requested, the students would be assigned the two courses to start on June 3, 2021 and must be completed by July 28, 2021. If a student requests only one course, then the course can be assigned on June 3rd or July 1st. If the one course is assigned on June 3rd, then the course must be completed by June 30, 2021. If the one course is assigned on July 1st, then the course must be completed by July 28, 2021.

There will be a \$100 fee for each course taken. The fee must accompany the student's registration form. The form and fee payment can be dropped off at your local school. Checks can also be made out to your local school (ex. Wicksburg High School). **The deadline for turning in the Summer School registration form and fee payment is June 1, 2021.**

SUMMER SCHOOL 2021

Courses Available:

ENGLISH LANGUAGE ARTS

English Language Arts 6
English Language Arts 7
English Language Arts 8
English Language Arts 9
English Language Arts 10
English Language Arts 11
English Language Arts 12

MATHEMATICS
